

TSEC CODESTORM

PRESENTS

CODEISSANCE 2025

THE MOST AWAITED 24 HR HACKATHON

26TH & 27TH SEPT 2025

ABOUT TSEC

- Thadomal Shahani Engineering College is an engineering and research institute in Bandra West, Mumbai, founded in 1983.
- It is a college that promotes industry exposure and excellent career opportunities.
- It believes in expanding the vision of the education system and enhances the practical apprehension, by promoting various extra academics.

ABOUT CODESTORM

TSEC CodeStorm is the technical committee of TSEC that serves as a dynamic platform for the next generation of coders and programmers.

It aims to provide equal opportunities to passionate coders on a global stage, fostering growth, learning, and innovation.

Objectives:

- Organize CODEISSANCE annually – the flagship coding event.
- Conduct monthly seminars or workshops on emerging and impactful technologies.
- Encourage competitive coding through contests held across various platforms.

A **Hackathon** is a coding event where computer programmers involved in software development, including graphic designers, interface designers, project managers, domain experts, and others collaborate intensively on software projects. A hackathon is basically an event where programmers get 24 hours to try to develop a web/app from scratch.

Following the grand success of last year's hackathon, we are thrilled to announce that we're back – bigger, better and bolder – with another 24-hour non-stop innovation marathon!

ABOUT CODEISSANCE

Codeissance '25 is the flagship 24-hour national hackathon hosted by TSEC CodeStorm, drawing in the brightest minds from engineering colleges across India. Building on the legacy of its previous editions, Codeissance '25 promises an even more immersive, impactful, and inclusive experience—offering both on-site and remote participation to maximize outreach and inclusivity.

From passionate coders to multidisciplinary teams, Codeissance '25 is a launchpad for innovation and collaboration. Participants tackle real-world challenges under pressure, pushing the limits of creativity, technology and teamwork.

More than just a competition, Codeissance '25 is a hub for innovation, collaboration and tech-driven solutions—where academia meets industry and future leaders take shape.

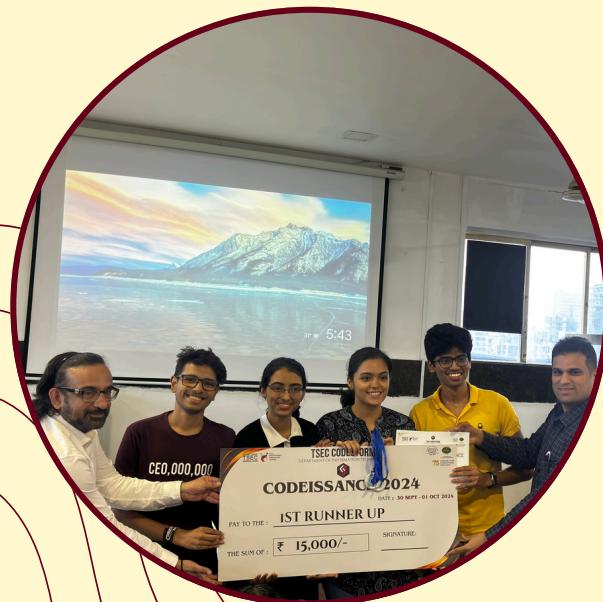

CODEISSANCE '24 SUCCESS STORIES

CODEISSANCE '24 SUCCESS STORIES

WHY TO SPONSOR US ?

Bridge to Your Target Audience: We serve as a direct connection between your brand and the tech-savvy, innovation-driven student community.

Access to Top Talent: As a sponsor, you get exclusive exposure to some of the brightest young minds – individuals whose passion, curiosity and drive go far beyond what's written on a résumé. You'll get the chance to interact with them one-on-one in a casual yet focused environment.

Proven Track Record: Our past hackathons have seen tremendous success, with over 200 teams and nearly 600+ participants actively building, networking and innovating.

WHAT WE OFFER ?

- Name, Logo and Website link published on our official website.
- Brand visibility through our social media profiles such as Instagram and LinkedIn, as well as our official CodeStorm website.
- Logospace on our online hosting domains.
- Publicity in all forms of media association for the events.
- We would give an introduction about your organisation to our participants

WHAT TO EXPECT?

Challenging Themes: Participants will receive exciting challenges or problem statements to tackle, covering various domains such as technology, sustainability, healthcare and more.

Time-bound Projects: Teams will have a limited time (24 hours) to brainstorm, design and develop their projects – enhancing their ability to work efficiently under pressure.

Innovative Solutions: Witness a wide array of creative and innovative solutions, ranging from software applications and hardware prototypes to AI-driven technologies and more.

Judging and Prizes: A panel of judges will evaluate the projects based on criteria such as creativity, feasibility, impact and execution. Top-performing teams stand a chance to win exciting prizes.

Community Building: Experience a vibrant community of like-minded individuals passionate about technology and problem-solving – laying the foundation for future collaborations.

Join us at the Hackathon event and together, let's create a platform for innovation, collaboration and meaningful impact on society!!
